Victory Loan Education

National War Finance Committee at Ottawa have recently formed an educational section, with Provincial Chairmen covering all phases of educational work in each Province, designed to reach all Communities in the Dominion in connection with War Finance activities.

Mr. H. A. Craig, who has been identified with War Finance activities in Alberta since the beginning of the war, has been appointed Alberta Chairman for this section, and Mr. E. W. Brundage, of Calgary, Vice Chairman.

The activities of this Committee provide for a program of contests in every Alberta school room, designed to stimulate interest in citizenship and War Finance, are now being arranged by the Education Section of the War Finance Committee of Alberta. Present plans call for contests in all rooms from grade four to grade twelve, inclusive. Successive eliminations will be held in War Finance Units and Divisions until the finals are reached. A system of awards for winners will be announced later, together with arrangements for the appearance by leading contestants on public platform and on radio programs. Educational material now being prepared for distribution to the schools, will include information on current affairs, citizenship, and general knowledge, as well as the important facts about the Seventh Victory Loan. Teachers and parents will recognize the educational value of this work; in addition, its value in spreading knowledge of War Finance is of the greatest importance at the present time and for the future.

Mr. Duncan Innes has been appointed as Supervisor of this program. Mr. Innes has been a school teacher in Edmonton for a number of years, and has been associated with various kinds of educational work.

He is particularly well fitted to direct these contests and it is hoped that War Finance Committees, trustees, teachers and school superintendents will give their full support to this undertaking.

Continuation of the educational program in Alberta will be carried through press and radio, and all foreign language publications. A pamphlet published in eight different languages, namely: Ukrainian, Polish, German, French, Danish, Swedish, Norwegian and English, will be distributed through provincial

Prepare For V Day

Didsbury is not going to be found wanting when "V Day" arrives, and the order to "Cease Fire" is given.

On Wednesday evening representatives of the different organizations in town met to consider ways and means for holding a celebration on the day that the European war comes to a close. Mr. H. Bowman occupied the chair and E. Wiggins was appointed secretary.

A definite program, suggested by Rev. D. Whyte Smith, was adopted by the meeting.

1. That all churches be requested to have divine services some time during the day
2. That a monster parade be assembled at the school and paraded to the ball diamond. That a bonfire and short program be arranged there
3. That a public meeting be held in the Opera House after the program at the ball diamond. This program to consist of musical numbers, addresses and conclude with a dance.

Chairman of various committees were chosen with the understanding that they appoint their own committee.

Parade Committee: E. Wiggins. Decorations: W. W. Gillrie to arrange for flags, hunting and street lighting.

Grounds Committee: A. W. Haley, with instructions to arrange for bonfire, flag pole and public address system.

Program Committee: Tom Morris, to have charge of program at the ball grounds

Program: Rev. D. Whyte Smith for the program at Opera House

Mayor Reiler was appointed general chairman, and requested to declare a civic holiday for the day

Mr. H. Bowman was elected vice-chairman

It was decided that each school child be given a flag, and the secretary was instructed to purchase a sufficient number. He was also instructed to obtain a quantity of fireworks.

It was arranged that all school children in the district should meet at the school grounds at 6.30 p.m. on V Day, to join in the parade.

post offices to reach all communities in these various languages.

The National Film Board will also work in close contact with the Committee. The Fall circuit opens about September 15th.

Picture shows Sergeant Blythe, of Bradford, Yorks, A/Tk. Batty, examining two holes in a German Mark III assault gun on Mark III tank chassis.

Didsbury Jottings

By A.C.H.

One crop of peaches makes the whole world skin.

That'll be the day — When perennial wheat waves boldly in the Canadian breeze. Just drop a few kernels down in the spring, and go away visiting for five years. Of course you would need to come back for a few weeks each fall to supervise the harvest, but no one would mind that. One sowing persists for five years and yields 30 to 40 bushels to the acre. And you can't tell it from the ordinary kind, they say.

There will be no summer-fallowing, no cultivating, and only seeding one year in five. And look at the money you will save on the machinery you don't use.

The Canadian big boys in agriculture say it can't be done; not on the prairies. Not enough moisture for five crops in a row. Raymond Davis, a Canadian, now in Russia, says it is growing there under conditions similar to those of Sask. and Alberta. We hope you are right, Raymond, old top. Sounds pretty nice to us.

Anyone know of a farm going cheap?

"O dear", said the Wren as she slipped off the deck, "that's me all over".

Wine I.O.D.E. Scholarship

Word has been received that Clarence Youngs had been awarded the I.O.D.E. Scholarship to the University of Alberta for sons or daughters of returned veterans.

This scholarship is one of four awarded by the I.O.D.E. to students of high schools who have the highest standing, and it has a value of \$400.00 spread over three years.

We not only compliment Clarence on his ability in winning this award, but also give credit to the staff of the Didsbury High School, more especially as this is the third student of the school to win the award in recent years. Don Mortimer winning the same award three years ago and Douglas Wordie winning it last year.

Another Didsbury student, Miss Verna Feeg, was successful in winning a scholarship to Mount Royal College, Calgary.

Obituary.

PHYLLIS K. BIRD

A very distressing accident occurred at Olds on Saturday afternoon, when Phyllis Kathleen, the 4-year old daughter of Mr. and Mrs. Alex Bird, of Olds, and granddaughter of Mr. and Mrs. George Walters of Didsbury, was killed when run over by a truck.

The funeral service was held at the Fisher Funeral Chapel, Olds, on Tuesday, with Rev. A. F. Reiner of Watcott officiating. Miss Lois Davis and Mrs. Verna Ness sang "What a Friend to little children". There was a profusion of flowers from loving friends.

She is survived by her parents and a 2-year old brother, Forrest.

Cards of Thanks

We wish to thank the many friends for their sympathy and kindness during our bereavement also for the many beautiful floral tributes.

Mr. & Mrs. Alex Bird
The Walder Family

We hear that the bonfire is all laid and ready to light on "V" Day.

Mountain View Council Meeting

At the meeting of the Council of the Municipal District of Mountain View held last Thursday, it was reported that the graveling projects east of Olds and east of Carstairs had been completed, and that graveling is now proceeding on the road south of Cremona.

Several complaints were heard as to the condition of the roads in the municipality. It was explained that weather conditions had delayed road construction and made maintenance difficult. It was thought that with the more settled weather work would proceed more rapidly and the roads put in much better shape.

In reply to a communication from the Dept. of Public Works re bridges, application was made for the repair or replacement of 14 bridges in different parts of the municipality.

It was decided to cancel road survey at SE 10-28-45 as the road had not been used for some time.

The council was asked to make a road diversion through Section 9-30-45, also a diversion survey through SE of 20-32-5.

Arrangements were made to purchase another tumbling-bug for use in road construction.

Councillor Trimble was appointed deputy-reeve for the balance of the year.

Approval was given to two tax consolidation agreements, two tax exemptions were given under the Soldiers Home Property Act, and one old age pension was approved.

Accounts and paysheets were passed, and other routine matters were dealt with.

CARD OF THANKS

We wish to thank the many friends for their contribution of so many beautiful floral tributes at the memorial service for our son, Pte. Neil Gochee, who was killed overseas.

The Gochee Family.

by H. G. L. Strange**FALL CULTIVATION**

The generous rains of this past summer brought forth a large growth of weeds. Many of these weed plants unfortunately set to seed before harvest, and so the weed seeds have been distributed on the land. Many combines, too, are not equipped with weed seed-saving devices, and so combines also have scattered weed seeds over the fields.

Light fall cultivation will cause quantities of these weed seeds to germinate. The cold winter will kill many of the young tender weed plants, and next spring additional quantities can be killed by a simple stroke of the cultivator or disc before sowing.

This essential and valuable light fall cultivation should be done as quickly as possible after harvest.

For the control of perennial weeds deeper tillage or ploughing will reduce the vigour of these plants and so will help to control them.

Mr. G. E. DeLong, Cerealist and Plant Breeder of the Dominion Experimental Station, Lacombe, has made many experiments with weed control methods; he strongly recommends and urges such light fall cultivation for control of annual weeds, and fall ploughing wherever perennials abound in the fields.

Competent investigators estimate that the yield of prairie crops is reduced about 20% by weeds. Any efforts, therefore, that farmers can make to reduce weed growth would certainly be a profitable expenditure of energy on their part.

**SEEDTIME and HARVEST**
by
DR. K. W. HEATLEY
Director -
Lion Wheat Growers' Service
Winnipeg, Manitoba**Fake Loose Smut of Barley**

Last June, we published a description of "a third barley smut," and we appealed to grain buyers, members of junior farmers' clubs and others to send in, for identification, specimens of what looked like loose smut.

The response to our appeal was fairly good, and we are very grateful to those from whom specimens were received. Of 591 specimens, 419 proved to be ordinary loose smut, and 181 were fake loose smut.

Fake loose smut becomes less and less common from East to West. Of 159 Manitoba specimens, 66 (41%) were fake loose smut; of 295 Saskatchewan specimens, 95 (32%) were fake loose smut; and in Alberta, 20 (12%) out of a total of 150 proved to be fake loose smut. This can be explained, at least in part, by the fact that the practice of seed treatment increases from East to West. Fake loose smut can be controlled by ordinary methods of seed treatment, but ordinary loose smut cannot. 86% of all Alberta specimens, 70% of all Saskatchewan specimens and only 47% of all Manitoba specimens were derived from treated seed. In other words, it looks as though Alberta may be keeping fake loose smut down by seed treatment.

It is also significant that of 85 fake loose smut specimens, only nine were fake loose smut. Normal is concentrated in Alberta. Of 99 Pluth specimens, 49 were fake loose smut. Pluth is concentrated in Manitoba. Due to the limited quantity of material, the above remarks must be regarded as suggestions rather than conclusions.

Rugby Notes

With an attendance of 17, our W.I. meeting was held at the home of Mrs. C. S. Brown. After the day's business was all disposed of, Mrs. Brown gave us a most interesting talk on the Canadian and British flags. A stuffed toy contest was held, honors going to Mrs. McNaughton, and 12 toys will be sent down to the Navy League. Next month members are asked to bring scrapbooks made according to directions given our magazine "Home and Country", for use in Military and Naval Hospitals.

The October meeting will be held in the Rugby Hall, and "wool-pulling" will be the afternoon's program.

Victorious Canadians enter Berlin...

Every Canadian looks forward to that headline. Every Canadian believes that some day soon a great victorious convoy will thunder down the road to Berlin. Huge Canadian trucks... Canada's crack battle equipment, and gallant Canadian soldiers, world's finest fighting men, will all be there.

Will you be with them on the road?... or at least, on the way?

The smashing defeats we must inflict upon the enemy before that day, however, cannot be won except by fierce, determined fighting... and the First Canadian Army, you may be sure, will help to deal the hammer blows that punch the way along the Berlin road.

That's why Canada's Army needs men and needs them NOW! Join for General Service TODAY!

When Peace has come, you'll be proud to know (and know that the world knows) you had your place in the mighty force that fought its way to final VICTORY.

Westcott W.I. Report

Mrs. J. Hughes has hosted to 12 members and 13 visitors for the August meeting. Roll call was answered by giving a supper dish recipe.

A short report was given by some of those attending the Farm Women's Week at Olds.

Mrs. S. Owens and Mrs. A. Robertson volunteered to be responsible for the ditty bags, and the denations should be brought to the September meeting.

The Constituency Convenor, Mrs. Hogg, was with us and gave some very interesting remarks. She especially stressed penicillin and its benefits.

This being a musical afternoon, it was very ably handled by the Mrs. Owens, each reading an interesting article on music, followed with an instrumental by Mary Robertson, also Carol Owens and a solo by Margaret Robertson.

The draw was won by Mary Robertson.

Housewives are asked to save all paper, boxes and cartons, and give or sell them to a salvage committee, patriotic organization, dealer or peddler.

about the things you buy in wartime**THE STORY OF CHILDREN'S UNDERWEAR**

OBVIOUSLY babies and children must have underwear. So—the Wartime Prices and Trade Board has given special attention to the production of these garments.

The problem has not been so much one of a lack of raw materials, but of getting the raw materials (wool, cotton, rayon), spun into yarns—and then knit into garments. Canada has never produced all

the wool, cotton and rayon yarn she requires. We have always had to get a substantial part of our requirements from other countries, even in peacetime. But since the war, there has been an acute shortage of underwear yarns everywhere.

There has been a greatly increased demand in addition to production difficulties. The efforts of the Board to meet the problem are given below.

THE INCREASED DEMAND RESULTED FROM:**MORE UNDERWEAR: but still not enough!**

The reason is that it just has not been possible to produce with the skilled workers and machines available to the United Nations enough yarn and garments to meet the increased demands all over the world.

WHAT HAS BEEN DONE ABOUT IT

✓First of all the Board found out the kind and quantity of garments Canadian children must have.

✓This showed that the public is asking for more than is actually needed.

✓So plans were made to see, by directing production all down the line, if we could meet the swollen demand as nearly as possible.

✓Each manufacturer was told to produce an increased number of garments.

✓A constant check is kept on mills to see that they are producing the required number.

✓Manufacturers not previously making children's underwear were induced to go into its production. An

The greatly increased supply of children's underwear resulting from these efforts, is shown by the relative sizes of the figures below.
